

INDEX

Arboriculture & Urban Forestry

Volume 45, 2019

- Accolade™ Elm**
root growth in structural soil under porous and nonporous asphalt after twelve years, 297
- Acer spp.**
arthropod pests on, 155
- airborne light detection and ranging (LiDAR) data**
for estimating individual tree health condition in Japanese mountain cherry (*Cerasus jamasakura*), 54
- Allen, Ethan J. *See* Van Treese II, Jeffery W.
- anchorage**
failure, stability recovery after, 279
sensitivity analysis, 120
tree stability and, 237
- arboriculture**
and urban forestry, review of literature relating to, 26
- arthropod pests**
on common southeastern street trees, 155
- ash (*Fraxinus*, *Oleaceae*) tree**
growth and physiology variation in U.S.A., 85
- ash trees, emerald ash borer infested**
optical, acoustical, and fine root analyses of, 211
physiological response to emamectin benzoate stem injections, 132
- Australia**
resident tolerance for mixtures of tree species within streets, 41
- Babst, Benjamin A. *See* Hossain, Shaik M.Y.
- Balestri, Frank. *See* Hewitt, Angela
- Barblishvili, Tinatin. *See* Sjöman, Henrik
- Bassuk, Nina (and G. Raffel and M.S. Sax), Root Growth of Accolade™ Elm in Structural Soil Under Porous and Nonporous Asphalt After Twelve Years, 297. *See also* Sax, Miles Schwartz
- Bellan, Patrick. *See* Sjöman, Henrik
- Bendel, Susan. *See* Moore, Gregory M.
- biomass production**
response to S&D soil environment and unamended controls, 139
in tree production methods, 328
- Bleicher, Bob. *See* Klein, Ryan W.
- boulevard width**
link with frequency of tree failures, 259
- Brabec, Martin. *See* Vojáčková, Barbora
- branch mechanical response**
to loading, numerical analysis of, 120
- caliper growth**
wire basket retention and removal impact on, 79
- Canada**
vulnerability assessment for publicly owned trees in a residential neighborhood, 10
- canopy growth**
in compacted and uncompacted soils, 239
emerald ash borer infested ash trees, 211
- cherry, Japanese mountain (*Cerasus jamasakura*)**
LiDAR data for estimating individual tree health condition in, 54
chlorophyll fluorescence as indicator of stress levels, 239
response to emamectin benzoate stem injections, 132
- Chmielewski, Frank M. *See* Linkosalo, Tapio
- Ciudadella Park**
microclimatic effect of, 99
- climate change**
microclimatic effect of green infrastructure (GI), 99
- correlation analysis**
airborne LiDAR data for, 54
- crash severity**
factors influencing, 65
- crown density and porosity**
estimation for Japanese mountain cherry (*Cerasus jamasakura*) using airborne LiDAR, 54
- Dahle, Gregory Ames. *See* Persad, Anand
- Darchidze, Tamaz. *See* Sjöman, Henrik
- deep planting**
consequences on tree stability, 270
- deflection curve**
geometry parameters influencing, 120
- detrended correspondence analysis (DCA)**
tree health indicators, 54
- Detter, Andreas (and P.J.E. van Wassenauer and S. Rust), Stability Recovery in London Plane Trees Eight Years After Primary Anchorage Failure, 279
- DeVallance, David. *See* Persad, Anand
- digital image correlation (DIC) analysis**
ash branches with EAB infestation, 211
- diversification**
urban forests, 221
- drilling resistance measurement**
compared with stem cross section, 1
- ecotypes**
for urban environments, 221
- emamectin benzoate stem injections**
physiological response of ash trees infested with emerald ash borer to, 132
- emerald ash borer (EAB)**
North American ash cultivars susceptible to, 85
- emerald ash borer (EAB) infested ash trees**
Fraxinus spp. physiological response to emamectin benzoate stem injections, 132
optical, acoustical, and fine root analyses of, 211
- Escobedo, Francisco J. *See* Klein, Ryan W.
- estimation accuracy**
tree health condition for Japanese mountain cherry (*Cerasus jamasakura*), 54
- expanded slate (ES)**
tree responses to, 303
- expanded slate structural soil (ESSS)**
tree responses to, 303
- Ficus benjamina* ‘Evergreen’**
tree growth and gas exchange response under water deficit conditions, 139
- finite element analysis**
branch mechanical response to loading, 120
